college located on south side

Located on the south side of Indianapolis, Indiana Central College has an enrollment including both on and off-campus students. Classrooms are housed in Academic Hall, Lily Science Hall and the Administration Building. When completed, Schwitzer Memorial Campus Center will contain cafeteria and recreational facilities. Senior women's and underclass dormitories are located on the horseshoe. At right, decorated as the world's largest Christmas tree, is the Soldiers' and Sailors' Monument, the symbol of Indianapolis.

Dailey Hall houses freshman men.

Krannert Hall houses senior and underclass women.

Buxton Hall is the campus home of senior men.

Sophomore and junior men reside at Wilmore Hall.

Trimble Hall is the campus home of freshman women.

Incorporating both the traditional and the progressive attitudes of this college, the Administration Building stands as the symbol of Indiana Central. The oldest structure on campus, this building at one time contained all the classes conducted. Now, with the complete renovation of its facilities, it contains the Education Department, the Evening Division, the Maintenance Department and the new Leah Ransburg Fine Arts Center. The funds for this center were donated by Harper J. Ransburg in honor of his wife. Housed in the Leah Ransburg Fine Arts Center are the Music Department, the Art Department and the drama equipment. New class and practice rooms for music and art are among the facilities provided in this center, which occupies about half the building.

school life stimulates students' varied interests

Quality education is the primary concern of all students. Although academic pursuits occupy the main portion of their time, social and sports events provide welcome diversions. Friendships are enriched during both class and evening hours. Bull sessions in the dormitories add spice to community living, and both on and off-campus students take advantage of the Cupboard and Recreation Room facilities. Various denominational churches in the area provide for student worship. Students, at left, gather on Krannert's steps before hours.

oracle queen reigns at winter dance

Seeking diversion from the strictness of academic life, students find the sociable atmosphere of the various dances conducive to relaxation. Campus dances, both formal and informal, allow students to widen their circles of friendship while enjoying the companionship of close comrades. Highlighting the social activities is the formal Winter Dance, during which the Oracle Queen is chosen. This dance, which was sponsored by Circle K, was built around the theme "Silver Bells." Don Skelton, at right, prepares the decorations.

Artistic endeavors give students the opportunity to express themselves through their creative abilities. Whether performing or working behind the scenes, they make use of both their natural and acquired talents. They are given the chance to observe professional performers during the Artist Series, Indianapolis Symphony Orchestra concerts or art shows.

festival features

May Festival activities combine the honoring of the parents of Indiana Central students with the selection of a campus queen from the Class of '65. While mothers were treated to a tea at Krannert Hall and to a style show depicting the dress of campus coeds since the turn of the century, fathers attended a double-header baseball game which pitted the Greyhounds against the diamondmen from Anderson College. Later the parents viewed the crowning of the campus queen and a special show in her honor. The day's program was planned by 1963-64 campus queen Joyce Brittenham and her court, Stella Casey, Gail Meyer, Nancy Turner and Nancy Waters.

A mathematics major, Judy Spurgeon McWilliam is from Brownstown, Indiana.

Georgia Hieb Hottell plans to be an elementary teacher.

Highlighting the May Festival program was the coronation of Sondra McNamara as campus queen. On receiving the crown from Dr. I. Lynd Esch, she became the unofficial representative of the student body. Sondra, a physical education and mathematics major, is a member of the Student Education Association and, after graduation, plans to teach on the secondary level. In 1963 she served on the court of the Homecoming Queen. She is the daughter of Mr. and Mrs. Ervin Naab and is from Mt. Vernon. Sondra and the members of her court, Mary Kay Coon, Trudy Hickman, Georgia Hottell and Judy McWilliam, were elected from the Class of '65 by the student body during a chapel session. To be eligible for this election, they had to have at least a 1.00 index.

During the fifty-ninth annual commencement ceremonies, 163 candidates were presented with degrees and diplomas by President I. Lynd Esch and Academic Dean Robert Cramer. The Indianapolis Civic Orchestra opened the program with a prelude and continued to play while the graduating seniors marched into the gymnasium. President Esch led the invocation and L. L. Huffman, President of the Board of Trustees, gave the scripture reading. The commencement address, which was delivered by David W. Kendall, vice-president of legal affairs of Chrysler Corporation, directly preceded the presentation of diplomas to the graduating seniors and honorary degrees of Doctor of Divinity to Norman C. Murphy and Robert R. Rowland and of Doctor of Laws to David Kendall and Justin Marshall.

orientation noisily begins fall semester

Frosh girls crowd into the gym singing "Oh, what a goose I am."

Each fall a new freshman class arrives on campus three days before registration is to begin. The job of sophomores during these three days of orientation centers around giving each newcomer a measure of confidence and a personalized green beanie. After succeeding in giving the freshmen this confidence, the sophomores decided that they had created a monster and then proceeded to deflate the massive frosh ego. The overlords ordered frosh to do everything from shining shoes to scrubbing floors. Finally "Hell Night" arrived, and, as accidentally tripped fire alarms screamed into the wee hours, sophs herded all freshmen to the gym where mass initiation took place. After this and several other noise nights the humiliated frosh males were forced to chase two greased pigs across the football field.

frosh take a swim; creative writers stage

Sophomores and freshmen met on the banks of Bluff Creek in the annual Tug of War to decide whether the frosh would shed their beanies. Although the enthusiastic freshmen team united in an even, brawny pull which appeared unconquerable, several quick yanks loosened the frosh hold and the sophs pulled in the challengers. But the frosh would not be humiliated and immediately began dragging as many sophomores as they could into the muddy water. Because the sophomores won the tug, beanies stayed on frosh heads two weeks longer. After the teams and spectators had returned to campus, each class presented a skit as part of the traditional Stunt Night. The freshman stunt showed how a man's personality can be altered by the acquisition of a status-building title, while the sophomores illustrated the problems of being a witch at a small Christian college. In the junior stunt, Dr. Bedpan created a singing Frankenstein, and the seniors presented the inner workings of a professor's mind. The Class of '65 won the competition for a record third year.

from pressures of academic activities

Students and professors migrate to Brown County once a year to engage in relaxing activities while viewing the beauty of autumn's natural colors. This year October 14 was the decided date for the annual migration. Horseback rides, football and baseball games, and vigorous hikes all became secondary as mounting hunger drove those present to fight for the lunches provided by Slater Food Service. The meals were finished quickly, and in a renewal of the day's activities the senior girls finally won a hard-fought tug of war from their junior opponents. At last carloads of students started home at the end of the day, weary, but happy, after their brief vacation.

homecoming "best yet"

Homecoming was a warm, sunny day filled with alumni, floats, white mums, convertables, queen candidates, and a victory for I.C. Students lined the streets to watch the parade, a variety of color and workmanship which truly paid a "Tribute to Shakespeare." Even the dormitories reflected the spirit of Homecoming. Highlighting the evening's events, the annual Homecoming dance provided relaxation from the excitement of the day's activities.

Homecoming became an especially exciting day for bubbly, blue-eyed cheerleader Jackie Hall. six days devoted

Activities during Religious Emphasis Week, under the leadership of Susan Coombs and Chuck Shultz, ranged from quiet individual morning meditations to midnight discussions with the clever, alert speaker from Hanover College, Rev. F. William Clemenson. During this week, chapel topics presented by Rev. Mr. Clemenson focused on the theme "Until I Get Caught." The sliding moral standards of youth were effectively questioned in "Until I Get Caught Pregnant," and the underlying meanings of the idea "Until I Get Caught Cheating" were examined. Encounter discussions filled the early evenings, and confrontation services were conducted after supper. Confabs in the various dorms gave the students a chance to discuss their problems and share their experiences with Rev. Mr. Clemenson, faculty members and fellow students.

drifts postpone dance; classes canceled

Dances are an important part of extracurricular activities. As well as informal hops, the girls were given a chance to show off their finery at the formal banquets and dances given during the year. All went as planned except for the Sweetheart Dance. Because of drifting snow, the dance was postponed.

Although the snow ruined many plans for the dance, students were satisfied with the two day cancellation of classes. Many used this time for study, but the majority attended gab sessions and played cards. Snowball fights also resulted from this confinement, and even though it was cold, the glaring snow made life seem brighter in the winter atmosphere.

Janos Starker and Gyorgy Sebok displayed unique talent in their cello-piano duo.

Providing the college and community with an opportunity to enjoy a variety of well-known and talented performers in Ransburg Auditorium was the seventh annual William A. Atkins Artist Series. The first attraction of the season was Basil Rathbone presenting "William Shakespeare 1564-1964." He performed scenes from such plays as Hamlet, Macbeth and Othello, explaining the moods and setting of each scene and telling of his personal experiences. The second attraction was author-lecturer Drew Pearson. In his lecture entitled "America—What Now?" he discussed the challenges and opportunities that face our country abroad. The remainder of the performers were musicians. Organist Richard Ellsasser performed on the pipe organ on February 12. Janos Starker, cellist, and Gyorgy Sebok, pianists, provided an enjoyable evening March 5, and completing the season were duo pianists Whittemore and Lowe on April 2.

Turnabout traditions prevail during Leap Week festivities. The responsibility of finding and financing dates belongs to the coeds as males assume passive roles. Beginning the activities is the annual country dinner and square dance in the gym. For this occasion, couples dress Dogpatch style. Wilmore Hall sponsored a dorm party featuring the entertainment of Hugh Teal and his combo. Also on the agenda were the final basketball game of the season and a showing of the movie *If a Man Answers*. Jack Leonard was crowned Leap Week King by Campus Queen Sondra McNamara during a special dinner. Because a severe snow storm paralyzed the city, the Sweetheart Dance was postponed. A dorm party at Krannert Hall filled the snow-bound hours.

lambda chi invites folk-singing quartet

Instigating various activities throughout the year are the service fraternities on campus. Alpha Phi Omega sponsored the Circle K judged bike race and held an ugly man contest to serve as a money making project for charity. Circle K, connected with the Kiwanis Club, made its influence felt by sponsoring the successful winter dance. Always involved in social activities is Lambda Chi Phalanx which endeavors to provide fraternal fellowship for its members. Membership is limited and selective in the phalanx which sponsors several dances and always accepts challenges of other clubs in money making projects.

In spring of 1964 Lambda Chi decided to sponsor a concert by the Brothers Four. The result was an outstanding and unique experience for the campus. This witty quartet sang a repertoire of folk songs and popular tunes, adding their individuality to each, and the Brothers Four caused an almost unequalled sensation on campus. When the yearbook went to press, the Lambda Chis were planning still another visit, this time by the Chad Mitchel Trio.

Actively participating in conventions, rallies and campaigns for party candidates, members of the Young Democrats and Young Republicans gain a better understanding of politics and politicians. off-campus coeds serve through sorority

Uniting the off-campus girls into an organization of service and fellowship is Gamma Gamma Omicron. These students annually sponsor a Christmas project and a party for the on-campus girls in order to minimize the differences of the on and off-campus coeds. The program of the club is planned to provide various presentations of interest for the members. The main service project of this year was the sending of toys to Flanner House.

Foreign language clubs serve as a supplement to class work by providing students with detailed information about the country of their study. Members are given the opportunity to increase their speaking knowledge of foreign languages in discussions conducted at the meetings. By listening to films and recordings their oral comprehension improves. Plays, books, songs and readings are also used to create interest and develop proficiency. At the meetings the students learn about the heritage, traditions and customs of the countries. These clubs have been instrumental in bringing guest speakers to the campus to give lectures and answer questions about their travels to foreign countries. They are sponsored by the faculty members of the Language Department.

One of the projects of the English Club is the publication of TUSITALA, a magazine containing the creative writings of students.

Members of the honorary journalism fraternity, Alpha Phi Gamma, must have served on one of the campus publications. Activities of this organization have included the sponsoring of dances and bake sales and the hosting of or sending representatives to journalism conventions. Members are initiated once each semester.

Rich in tradition from many years of service are the respected literary organizations, Philalethea and Theacolosia. Meetings help develop the members' knowledge of parliamentary procedure, increase their appreciation of good literature and train them in the presentation of various literary projects. It produces quality programing for the listening audience while providing qualified people the opportunity to learn personally about radio work. It is the aim of the radio station to perform any service for the college that is deemed appropriate by the staff and advisors and to promote the image of the campus to friends and critics alike. Since WICR-FM is an educational radio station, it is governed by the rules of the Federal Communications Commission. In order to meet the standards of its educational nature, various taped and live programs are used from sources throughout the nation.

oracle goes to press; dalzell describes contents

Editor-in-chief Steve Dalzell often became lost in concentration while using the proportioning wheel.

I have attempted to capture in print and pictures the new loyalty, pride and sense of belonging which the students have created. On the small college campus it is unfortunate for individuals to withdraw from the social scene and, thereby, fail to become a contributing force in the total spirit. Central's exclusive enrollment holds the number of students at approximately 1000, a situation demanding, but only recently achieving the utmost of mutual cooperation. It is my observation that such things as highly motivated and successful athletic teams, increasing activity and independence of student-controlled government, and the feeling of respect for our college are signs of a changing environment. This new sentimentality of Central has created the first of many years about which we want to "sound off" loudly.

I wish to thank Mr. Leonard Pearson, Yearbook Advisor; Mr. Robert Cavanagh, American Yearbook Representative; the hard-working yearbook staff; and the numerous others who cooperated in the collection and printing of facts for the 1965 ORACLE.

Meeting twice a month, the Central Council is the official link between faculty and students. The council legislates according to campus needs while working closely with the numerous faculty advisors. Acting as a coordinating body between the various campus organizations and the Central Council is the Interclub. It is composed of representatives of all the organizations, and one of Interclub's important responsibilities is the planning of the annual homecoming schedule and events. Student Court serves as the campus judiciary, rendering decisions in cases involving major infractions of campus order. The governing bodies and the committees and clubs, which are functions of the government, coordinate campus activity while striving to create better times for students.

Jim Cummings, a mathematics major from Indianapolis, does everything from leading the Central Council to scoring forty-eight points in a single basketball game.

Student Court members are Dick Elmore, Dick Rodebaugh, Jim Reber, chief justice; Sue Hiatt, Chuck Shultz, Sue Durbin and Conniane Dorville.

sounding off

Of primary importance in the life of the college student are his academic pursuits. In order to satisfy this quest for knowledge, Indiana Central has sought to employ the finest professors, capable of motivating their students beyond the basics of the textbook. They encourage self-interpretation of facts, abstract thinking and humanitarian beliefs as the goals for the educated person. When released from direction, the students are able to assume their chosen professions with confidence and skill. Indiana Central has also embarked on a building program which almost doubles the classroom space available. With the addition of the Lily Science Hall, containing a rooftop observatory, the Schwitzer Memorial Campus Center, and the renovation of the Administration Building, the program has reached completion. Because of the high quality of the professors and the expansion of the campus facilities, Indiana Central has received accreditation by the National Council for Accreditation of Teacher Education.

active leader builds prestige of campus

Reading through a paper, Dr. Esch prepares to sign it.

Under the leadership of Dr. I. Lynd Esch, Indiana Central has greatly upgraded both its physical and intellectual environment. An accomplished businessman, Dr. Esch has actively solicited grants for the college. Since he assumed the presidency in 1945, Indiana Central has added to its campus Academic Hall, the gymnasium, Lily Science Hall and Schwitzer Memorial Campus Center and has renovated the Administration Building. Well qualified for this position, Dr. Esch has served as both a minister and a professor. A member of the Indiana Conference of Higher Education, Dr. Esch established the Evening Division and influenced many improvements in the college curriculum. He is in demand as a speaker and has become Indiana Central's primary asset for projecting its image.

Students and administration establish a close relationship which begins before admission and continues even after graduation. The prospective student first becomes acquainted with the college through interviews with the Admissions Director. After he is admitted, he plans his program with the Curriculum Counselor and arranges for loans or applies for scholarships through the Treasurer's Office. During his college career, he may discuss any problems, whether scholastic or personal, with the Academic Dean, Dean of Men or Dean of Women. When he is ready to graduate, the Placement Office aids him in finding a job, and the Registrar's Office will certify his credits. After graduation, the Alumni Office continues this already well-established rapport by keeping in touch with all graduates.

service personnel improve campus image

Service personnel work behind the scenes performing duties which often go unnoticed. The Maintenance Department keeps building interiors and exteriors clean and in repair, tends the lawns and shrubs, and solves countless daily problems. The Campus Cupboard lunch counter caters to off-campus students, but both dormitory residents and commuters have made it the students' rendezvous. This year the bookstore began buying and selling used books as well as providing all other classroom supplies, and ARA Slater Food Service started its seventh year of preparing meals for those on-campus. These services allow the college to work on a more efficient schedule and to create a favorable impression for visitors and prospective students.

To insure adequate preparation for assignments, students take advantage of the quiet atmosphere of the library, ideal for complete concentration. Further use of the library is made by consulting its volumes of documents and reference material for research work. Not to be overlooked in its importance is its provision of current periodicals and paperbacks to help the student relieve the tensions caused by constant mental strain. With the completion of the Schwitzer Memorial Campus Center, library facilities will be expanded.

future nurses train in hospital, classes

During their first year in the Nursing Department, students work in Community Hospital two mornings a week. Responsibilities are gradually increased until, during their second year, students give complete care to their patients three days a week. At the hospital the future nurses are divided into groups of two and work in eight areas. They rotate jobs so that they may gain experience in each of these areas. While on campus, they are enrolled in both liberal arts and specialized courses. Following two years of hospital experience and classroom education, the members of the Nursing Department are awarded an associate degree in science and are eligible to take the Indiana State Board examination for licensure as a registered nurse.

By focusing attention on original composition and ideas, the department strives to compare the relationships of classical topics to contemporary thought.

The Language Department presents the development and use of the French, German and Spanish languages. Lectures provide the student of each language group with background information about the history, geography and cultural achievements of the peoples of each nation. Among the many improvements made this year through the renovation of the Administration Building is the addition of much-needed offices for all professors in the Education Department. This not only allows for private consultations needed by the education major concerning his future profession but also makes for more efficient administration of the department. With the new facilities and faculty, the students in education will be better prepared to practice their chosen vocations in elementary and secondary schools.

Students are given the opportunity to express themselves through their creative ability when enrolled in the courses offered by the Fine Arts Department. Learning to manipulate the voice, control gestic, or work effectively with materials, the student becomes skilled in music, speech, drama, or art. This year, the Leah Ransburg Fine Arts Center, housed in the Administration Building, was completed and students were able to utilize its modern facilities.

sounding off

Competition provides the opportunity for men and women to improve their minds, bodies and characters. The Athletic Department not only is instrumental in providing the competitive battleground for individual growth but also is active in directing the athletes toward their goals. The Greyhounds always readily accept challenges from all opponents, and their winning records fully attest to their ability to meet these challenges. Even though Indiana Central is one of the youngest members of the Hoosier College Conference, it has matured enough to win the All Sports Trophy consistently in recent years. As the seasons change, so do the major sports. In the fall, football, tennis and cross-country are spotlighted. Winter introduces basketball and wrestling, and spring brings track, baseball and golf. In each of these sports, individual effort is important, and yet co-operation among individuals is necessary to produce a team victory. Just as competition stimulates the desire, ability and preparedness of the athlete, co-operation provides the unity and spirit essential for a winning team.

about athletics

Coach Bill Bright studies his team's performance.

Beginning his sixth year as head baseball coach, Bill Bright formed his team around a nucleus of fourteen returning lettermen. The team got off to a slow start, dropping their first three games, but finished with a 13-8 season record with the help of a ten-game winning streak. After finishing second in the Hoosier College Conference the two previous years, the diamond men took over the top spot this year with an 8-2 conference record. Tim Giles and Phil Paswater led the team in hitting. Giles compiled a .328 batting average and Paswater was close on his heels with .324. Ace Greyhound pitcher Ray Trisler, while ending the season with a 3-4 average, struck out 72 batters in 59 innings of pitching. He led the team with a 2.29 earned run average. Jerry Mullinix led the team in wins with a 6-2 record while striking out 49 batters in 50 innings pitched. Freshman Jerry Seay was elected to receive the Dr. W. P. Morgan Award for the most valuable player. Tim Giles, Phil Paswater, Ray Trisler and Armen Cobb were selected to the H.C.C. All-Conference Team.

Next, the team won its first three meets before Indiana State put a kink in the winning chain. Central went on to take six meets while losing three. The team also placed second in the Granville Invitational. Taylor was the only conference team to defeat the Greyhounds as the harriers came in second behind the Trojans. In season finals, the team placed fifth in the Little State and seventh in the Big State. Severe injuries twisted the fate of the Greyhound football squad. A team of twenty-nine returning let-termen promised much experience and enthusiasm in attempting to lead the squad to a winning season. However, trouble came early in the season and remained like an albatross through the entire year. Among the many injuries, the most damaging single accident occurred in the I.C.—Taylor contest when Vasco Walton suffered a broken leg. After losing Walton, the footballers dropped three straight games, but they surprised long-time rival, Manchester, in the last game. Although Coach Velez and his assistants, Jack Stabler and Joe Kelly, might have hoped for a better won-loss slate, they can certainly point with pride to the outstanding individuals they have trained. Dave Scheib and George Friel were named to the District 21, all-NAIA team, and Scheib proved to be a very valuable player, scoring a total of forty-nine points. Dudley Pugh used his talented foot to convert eleven out of thirteen point after touchdown attempts.

When the track season started, the team looked forward to extending its record of dual meet victories and to winning the conference championship for the third straight year. As the season progressed, the thinlies did add dual meet laurels to their string of firsts, dominating the high hurdles, 440, hop-step-jump and the relays. The Greyhounds collected several trophies at the Wabash and Earlham invitationals. At the end of the season the tracksters broke stride and finished second in the championship meet to a powerful Taylor contingent. All-Conference selections were Dave Kamplain and Roger Wathen. During the season Wathen scored the most individual points and Pete Bullard was named team captain.

Six Little State champions and six H.C.C. champions attest the power of Central's wrestling team. Coach Paul Velez and his grapplers pinned a handsome 8-4 season slate, including victories over four conference enemies and an impressive 27-5 score over the University of Cincinnati. The matmen retained the conference crown by piling up a cushion of fifty-six points over Taylor and Anderson, both caught in the tie for second spot. Velez and his men climaxed the season by hosting the Little State mat meet. For the second year in a row they overpowered the field and swept to victory with a twenty-nine point margin over second place Wabash. This is the first year that wrestling adds points in the conference all-sports race. Since the team will lose only Larry McCloud through graduation, future seasons look even brighter.

as seventeen skillful opponents fall

Victory-minded mentor Angus Nicoson and his hoopsters turned in one of the most surprising and satisfying records in the history of the school. Despite the pre-season loss of five returning hopefuls, Coach Nicoson was optimistic about the possibilities of the team. After losing the first two games to Kentucky State and Bellarmine by close decisions, the team began to move, defeating St. Cloud and rugged conference foe Manchester. The netters compiled eleven straight victories after the St. Cloud game and captured fifteen of sixteen remaining contests. The inspired Hounds also grabbed the Capitol City Tourney and were runners-up in the special Indianapolis Classic. For the third consecutive year, they won the championship of the Hoosier College Conference. Considering that their schedule was toughened by the addition of Kentucky State and St. Cloud, NAIA finalists from last year, the 17-6 record assembled by the Greyhounds is all the more impressive. Clark Crafton and Jim Cummings, the only two seniors on the squad, figured prominently in the success of the team. Crafton led in scoring, rebounds and assists. Because of his consistently superior ability, he was selected for All-Conference team and NAIA District 21 All-Star team membership. Cummings set a new scoring record of 48 points during the Earlham game, toppling the old record of 45 points set in 1957. This season marked Nicoson's tenth consecutive winning campaign. He has coached eighteen years.

After completing a very successful regular season campaign, Angus Nicoson led his hoopsters into the first contest of the NAIA, district 21 playoffs at Anderson College. yearlings prepare for varsity competition

The Junior Varsity, under coach Bill Bright, came up with a 7-8 record for the season. They were 5-4 against Hoosier College Conference teams. After an initial loss to Bellarmine, the freshmen racked up six wins in a row before dropping another decision to Bellarmine. Coach Bright, substituting his players freely, gave each player a chance to see action during the strenuous fifteen game season. The leading point producers were Ron McClarnon, Al Tanksley and Dave Williams.

whippets struggle with difficult schedule

Coached by Mrs. Doreen St. Clair, the women's basketball team played several very close games this season with all but two decided by a margin of six points or less. The closest game ended in a one-point victory over rival Franklin College. The Whippets put forth perhaps their strongest effort in attempting to defeat the alumnae in the annual game. The team, which was coached by Jerry Mullinix during this contest, extended the alumnae before losing 36-34. Spirit, cooperation, and team effort were developed by the Whippets during the season. The efforts of seniors Ginni McAdams, Janet Stiles, Dinah Theobald, Nancy Cokain, and Mary Alice Kolkmeier will be missed by returning members of the team.

A 15-1 loss to the men's Cross Country team proved to be one of the most interesting games for the women's Field Hockey team. The girls, coached by Mrs. Doreen St. Clair, decided to challenge the cross country runners to a game to impress them with the endurance and skill needed to participate in field hockey. At the conclusion of the contest, the winners agreed that women's sports can be somewhat strenuous. The girls compiled an otherwise satisfactory record. They were victorious over Hanover, 5-4. Later they were edged out by I.U., 0-1, in a hard fought game.

Women's varsity teams participated in a variety of sports besides basketball and field hockey. Other competition involved volleyball and softball. Several girls entered a tennis match in the fall. Members of the Methods of Team Sports class defeated a similar group from Franklin College, 4-1, in a soccer game. Mrs. Doreen St. Clair and Miss Elsie Wulf, a teacher in the Indianapolis schools, directed an extensive women's intramural program. Seven groups participated, including two off-campus teams, several dormitory teams and a women-faculty team. They played volleyball, badminton, wall-ball and table tennis. Fun, exercise and friendly competition are some of the benefits gained from the program.

Again this past winter, the intramural program provided a brief respite from studies and a schedule of regular exercise for those who participated. Bill Bright was in charge of the program. sounding off

Conscientious, talented and interested students from all parts of the world form a college community which is both friendly and enthusiastic. Their individual personalities blend to make an atmosphere which stimulates learning and development. Different backgrounds, ideas and ambitions of these students are evident in all phases of campus life. This individuality of interests, however, becomes secondary as the members unite into a single spirited body to support the scholastic, social and athletic advancement of its school. College ties, friendships and affections which defy the element of time will prove as evident at future reunions as they are at current date. No one can truly forget the insight motivated by a favorite professor or the experiences survived with a roommate. Memory seldom fades "the big game" or "the big dance." The interworking of different minds, races, religions and nationalities enable each to gain an understanding and appreciation of others not offered as a scholastic course.

hectic relaxation

Sometimes tranquil, sometimes hectic, dormitory life challenges residents to prudently divide their time between social and scholastic activities. Co-ed dorm parties add variety to campus social life, and table tennis matches, card games and television programs help fill leisure time. Class preparation is occasionally interrupted by tormenting neighbors who would rather fight than study. These inter-room, inter-floor battles provide residents an opportunity to release emotional tensions.

One of the highest honors a senior can achieve is recognition in the publication WHO'S WHO IN AMERICAN COLLEGES AND UNIVERSITIES. Selection by the faculty is made from a list submitted by the academic dean, dean of students and dean of women and is based on citizenship, leadership, academic ability and high moral character. The number of students selected is directly proportioned to the number in the class. This year there were sixteen. The interests of these chosen few range from science to art, but most plan to enter the teaching profession.

Marking the end of three successful college years, the members of the Class of 1965 entered their respected position as seniors with joy and alarm. Although they were eager to apply their knowledge toward earning a living they dreaded the upcoming severing of closely-bound college friendships. With great pride and satisfaction the Class of 1965 can reflect its many achievements which have earned it the title of "The Winning Class." Since its entrance into Indiana Central, the class has approached all contests with zeal and enthusiasm. From its first victory at the tug-of-war to its final triumph of graduation, it has displayed a spirit indicative of future success.

diligence pays dividends to active juniors

In a flurry of signs and posters of all shapes and description, Steve Shoultz took the Junior Class election and rallied the near bankrupt class to the purpose of raising money. In the fall the class sponsored an after-game sock-hop, and during the spring semester the juniors will sponsor the Junior Carnival and the Junior-Senior Banquet. The active class also staged its finest class stunt, challenged other classes with a successful quiz team, and ordered the first class rings to bear uniquely designed symbols which relate only to Indiana Central.

Joe Huse is one of many juniors who took the leads in student productions throughout the year.

Freshmen happily chant "We love all sophs" during their trip to the gym, but later many lost their smiles.

Freshmen parade for their sophomore leaders in the gym.

Embarking on their college careers, members of the Freshman Class found adjusting to their new status a most difficult problem. Since their green beanies were an ever-present reminder of their lowly position, they looked forward to winning the tug. Their hopes of an early beanie removal were dampened along with their tug team as the sophomores pulled off a victory. They were saved from further sophomore subjection by pinning their prey during the greased pig chase. Surviving the rigors of initiation, the freshmen emerged as a unified class, ready to overcome any obstacles they may encounter.
