All Programs	
Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff)	10
Optional tool for automatically calculating full-time equivalent faculty in the system	
Number of adjunct faculty supervising clinical experience during this academic year (IHE staff)	11
Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year	20
Number of students in supervised clinical experience during this academic year	35

Please provide any additional information about or descriptions of the supervised clinical experiences:

The number of full-time and adjunct faculty represented here overlaps with the number provided in our traditional report, since traditional and alternative candidates are taught by the same individuals. The Teach Stem 3 program is the only program with a mentoring/induction requirement of 75 mentoring/induction hours spread out over a 2 year period following initial licensing. The MAT program requires the same clock hours as the traditional programs. There is an overlap of student count and academic year because of the admission calendar the Teach Stem 3 program is on, thus completers for the next academic year are included in supervised clinical experience count, as they are doing clinical work concurrently.

Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

(§205(a)(1)(C)(ii))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Enrolled Student
- Program Completer

THIS PAGE INCLUDES:

>> Enrollment and Program Completers

Enrollment	and	Program	Com	pleters
-------------------	-----	----------------	-----	---------

2018-19 Total	
Total Number of Individuals Enrolled	35

American Indian or Alaska Native Asian	1	1
Asian	1	1
Asian Black or African American	1	0

Race/Ethnicity	Total Enrolled	Subset of Program Completers
Two or more races	0	0
No Race/Ethnicity Reported	0	0

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Academic Major

THIS PAGE INCLUDES:

- >> Teachers Prepared by Subject Area
- >> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2018-19.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

What are CIP Codes?

No teachers prepared in academic year 2018-19

If your program has no teachers prepared, check the box above and leave the table below blank (or clear responses already entered).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55).

CIP Code	Subject Area	Number Prepared

13.1337	Teacher Education - Earth Science	0
13.14	Teacher Education - English as a Second Language	0
13.99	Education - Other Specify:	N/A

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2018-19. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

What are CIP Codes?

Do	participants	earn a	degree	upon	completion	of the	program?

• Yes

No teachers prepared in academic year 2018-19

If your program does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or **clear responses already entered**).

CIP Code	Academic Major	Number Prepared

Program Assurances

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. (§205(a)(1)(A)(iii); §206(b))

8. Describe your institution's most successful strategies in meeting the assurances listed above:

IS PAGE INCLUDES:
Program Assurances

Program Assurances
1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to tead based on past hiring and recruitment trends.
• Yes No
2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.
• Yes No
3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.
Yes No Program does not prepare special education teachers
Program does not prepare special education teachers
4. Prospective general education teachers are prepared to provide instruction to students with disabilities. Yes
No No
5. Prospective general education teachers are prepared to provide instruction to limited English proficient students. Yes
No No
6. Prospective general education teachers are prepared to provide instruction to students from low-income families.
• Yes • No
7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.
Yes No

We have embedded modules in our 2 Masters of Art in Teaching programs which provide specific preparation for special needs and ENL training.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Quantifiable Goals

THIS PAGE INCLUDES:

- >> Report Progress on Last Year's Goal (2018-19)
- >> Review Current Year's Goal (2019-20)
- >> Set Next Year's Goal (2020-21)

Report Progress on Last Year's Goal (2018-19)

1. Did your program prepare teachers in mathematics in 2018-19?

If no, leave remaining questions for 2018-19 blank (or <u>clear responses already entered</u>).

Yes

No

2. Describe your goal.

The School of Education set a goal of increasing our number of Mathematics Education students by 2.

- 3. Did your program meet the goal?
 - Yes
 - No
- 4. Description of strategies used to achieve goal, if applicable:
- 5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
- 6. Provide any additional comments, exceptions and explanations below:

Review Current Year's Goal (2019-20) 7. Is your program preparing teachers in mathematics in 2019-20? If no, leave the next question blank. Yes No 8. Describe your goal. The School of Education plans to increase the number of Mathematics Education students enrolled in the program by 2.

Set Next Year's Goal (2020-21)

9. Will your program prepare teachers in mathematics in 2020-21? If no, leave the next question blank.

No

10. Describe your goal.

The SOE has set a goal to increase the number of Mathematics teachers by 2 for the 2020-21 school year.

Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Quantifiable Goals

THIS PAGE INCLUDES:

- >> Report Progress on Last Year's Goal (2018-19)
- >> Review Current Year's Goal (2019-20)
- >> Set Next Year's Goal (2020-21)

Report Progress on Last Year's Goal (2018-19)

1. Did your program prepare teachers in science in 2018-19?

If no, leave remaining questions for 2018-19 blank (or clear responses already entered).

Yes

No

2. Describe your goal.

The School of Education planned to increase the number of students enrolled in Science Education by 2.

- 3. Did your program meet the goal?
 - Yes
 - No
- 4. Description of strategies used to achieve goal, if applicable:
- 5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
- 6. Provide any additional comments, exceptions and explanations below:

Review Current Year's Goal (2019-20) 7. Is your program preparing teachers in science in 2019-20? If no, leave the next question blank. Yes No 8. Describe your goal. The School of Education had a goal to increase the number of students enrolled by 2.

Set Next Year's Goal (2020-21)

9. Will your program prepare teachers in science in 2020-21? If no, leave the next question blank.

No

10. Describe your goal.

The School of Education hopes to increase the number of enrolled students by 3 for the 2020-21 academic year.

Annual Goals: Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

10. Describe your goal.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Pass rate
- Scaled score
- Teacher credential assessment

Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program. ($\S205(a)(1)(D)$, $\S205(a)(1)(E)$)

		INCL	

>> Low-Performing

Low-Performing

Yes No

1. Is your teacher preparation program currently approved or accredited?
• Yes No
If yes, please specify the organization(s) that approved or accredited your program:
✓ State
✓ CAEP
AAQEP
Other specify:
2 Is your teacher preparation program currently under a designation as "low-performing" by the state?

SECTION V: USE OF TECHNOLOGY

Use of Technology

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

TH	IS PAGE INCLUDES:
>>	Use of Technology

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
 - Yes
 - No
- b. use technology effectively to collect data to improve teaching and learning
 - Ye
 - No
- c. use technology effectively to manage data to improve teaching and learning
 - Yes
 - No
- d. use technology effectively to analyze data to improve teaching and learning
 - Yes
 - No
- 2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

During their full-time student teaching (supervised clinical) experiences, our candidates are expected to not only model and integrate the technology that is used in their classrooms but also to use any data systems that are implemented by the host districts. Student teachers have full responsibility for instruction, which therefore means that they participate in all professional development, team conferences, and data analysis and implementation efforts. Typically, the candidates have knowledge through their coursework taken prior to student teaching of a variety of technology applications and equipment, including the following: SmartBoards, document cameras, web-based applications (including multimedia applications, wikis, podcasts, etc.), productivity tools (including gradebook software, concept mapping software, etc.), and classroom applications for technology. Universal Design for Learning principles and concepts are integrated in the coursework for the alternative certification programs. While delivering content, instructors debrief each lesson with candidates to provide their rationale and thinking behind their teaching. The program includes UDL hallmarks, such as multiple engagement methods, varied goals personalized to the candidate, and multiple means of assessment. The candidates are then held responsible to integrate these same principles into their planning for secondary students. The Transition Point II and III projects are data points and part of the UIndy Unit Assessment System.

SECTION VI: TEACHER TRAINING

Teacher Training

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

THIS	PA	GE	INCI	UD	FS

>> Teacher Training

Teacher Training

- 1. Provide a description of the activities that prepare general education teachers to:
 - a. Teach students with disabilities effectively

Candidates in alternative certification programs work with students with special needs during their supervised clinical experiences. Their coursework includes work with differentiated instruction, providing accommodations for special needs students, and meeting the needs of all students with both instruction and assessment. Full-time faculty and classroom master teachers work with candidates in a variety of their courses. During student teaching, they participate in IEP conferences, work individually with students, and often co-teach with licensed special education teachers.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

During the student teaching portion of both the Master of Arts in Teaching and Teach STEM 3 program candidates participate in IEP conferences, work individually with students, and often co-teach with licensed special education teachers.

c. Effectively teach students who are limited English proficient.

Following our series of professional development activities with Dr. Karina Clemmons, University of Arkansas-Little Rock to help us review necessary instructional changes to better prepare ELL students we have implemented the following: Masters of Arts in Teaching: ELL content is integrated into foundational (semester I) and general and content methods (semester II) courses. Content methods instructors provide ELL strategies appropriate for their given content area. All MAT candidates have a minimum of one field experience in classrooms with diverse populations, which include ELL students. Woodrow Wilson Teaching Fellows: Woodrow Wilson Fellows learn specific literacy strategies for teaching ELL students in EDUC 621: Project in Curriculum and Instruction: Learning Theories and Urban Classroom Practice. Fellows also receive instruction in working with ELL students in EDUC 650, EDUC 651, and EDUC 652 coursework. Fellows observe in an EL classroom and implement and assess the effectiveness of strategies in their practice teaching during their field work.

2. Does your program prepare special education teachers?

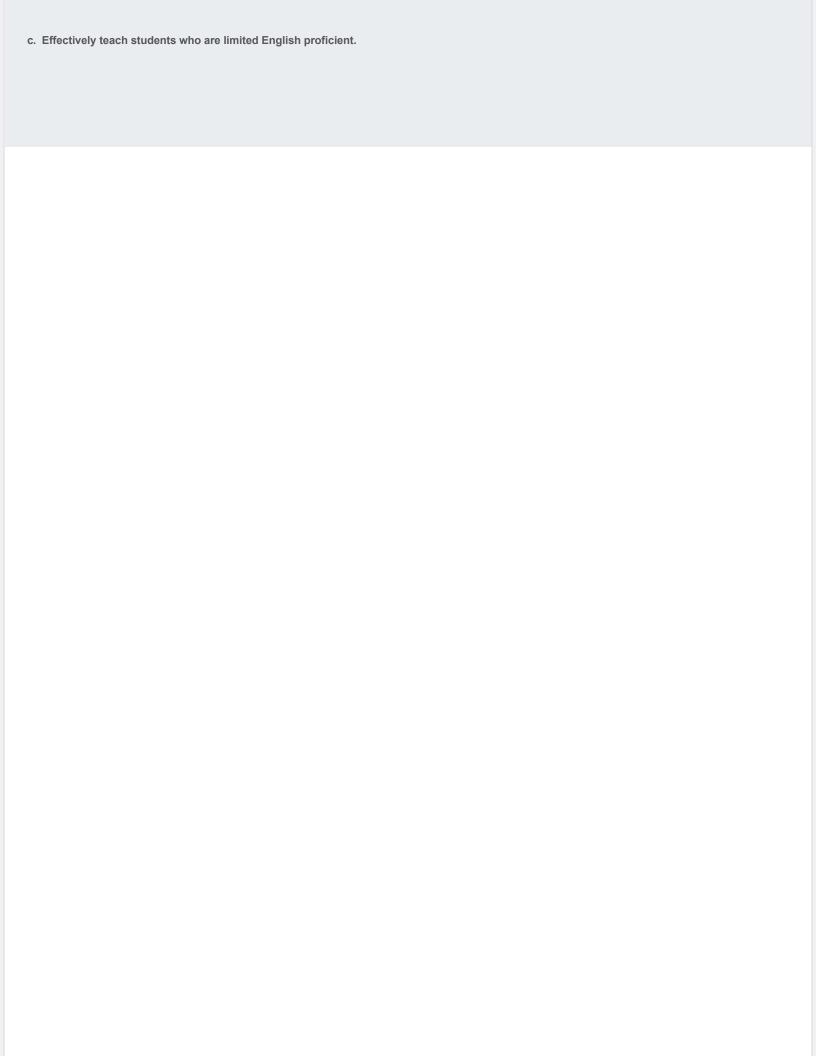

No

If yes, provide a description of the activities that prepare special education teachers to:

a. Teach students with disabilities effectively

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Contextual Information

On this page, review the contextual information about your program. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

>> Contextual Information

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

In the spring of 2018 we received full CAEP accreditation. This report is available one the School of Education website. We continue to submit to the various SPAs that represent our license areas. We currently have two Alternative Route programs, both Masters of Arts in Teaching. The first, for secondary preparation, is primarily an evening-based program up until student teaching, for career changers. It has been in existence for over 18 years. The second has completed its 9th cohort. The Teach (STEM) ^3, (formally known as the WWTF program) is a residency based program placing candidates in high need schools. Candidates in the TS^3 program complete within one year. The program is focused exclusively on Mathematics, Life Science (Biology), Chemistry Secondary Education. We have seen significant decline in the number of students electing either the TS^3 or the evening MAT program due to the status of the profession, political winds and the economy.

Supporting Files

No files have been provided.

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.

Report Card Certification

Please make sure your entire report card is complete and accurate before completing this section. Once your report card is certified you will not be able to edit your data.
