NOTES

- A grade of C- (1.7 on a 4.0 scale) or higher is required in all courses in the Bachelor of Science in Electrical Engineering Degree at the University of Indianapolis.
- A minimum of 120 hours is required to earn a Bachelor of Science Degree from the University of Indianapolis.
- A typical EENG major can satisfy degree requirements with 126 credits.
- An average grade of C or higher is required in all required Engineering, Mathematics, and Science courses for the Electrical Engineering Program.
- A student may complete more than one major as long as each major has at least 24 discrete hours. Please see the Academic Catalog for additional details.

REMEMBER: If you have any questions about the Electrical Engineering major requirements, contact a faculty advisor from the R. B. Annis School of Engineering (Kenneth Reid, 788-3657; Annis Hall, Room 105) or your academic advisor. Courses and requirements sometimes change so keep in contact with your advisor.
